

Are you looking for an exciting adventure?

Do you want to experience an outdoor classroom?

Is so, then 5th grade is looking for you!!

Sky Ranch is a three day program designed to develop student awareness and knowledge of their living and non-living environment. Through this outdoor experience, they will learn how to preserve and protect their natural environment. It is a wonderful time for your child to gain hands on experience with earth and life sciences.

Our Sky Ranch trip is scheduled for May 1st-May 3rd. We will be leaving around 8:00 a.m. on Wednesday and returning before 3:00 p.m. on Friday. Without your help, we are unable to make this annual journey. We need moms AND dads to volunteer! The cost for each chaperone is \$240.00 (cost includes chartered buses, all costs of food and lodging, and a t-shirt) and will be due on the same deadlines as the students.

Please sign and return the bottom part of this letter if you would like to join us on this exhilarating journey. We will draw names and let you know if you have been selected to join us as a chaperone by September 14th.

Yes, I would love to help chaperone the annual 5th grade trip to Sky Ranch!
